

Finally, A Bank That's Centered On Me.

What's at the center of your bank? Marble pillars? Extravagant furnishings? A picture of the CEO? You may need a bank with a different perspective. At Byron Bank, the center of our business is you.

Byron Bank offers exceptional banking products and services as well as a broad range of insurance and investment services to meet all your financial needs. But most important of all, you will find innovative and responsive people at Byron Bank who are in your corner and on your side.

For years, we were known as Byron Center State Bank. But today, with offices and Mobile Banking™ serving customers throughout West Michigan, we've grown beyond the boundaries of Byron Center. So we shortened our name to Byron Bank. The word "center" may not be part of our name anymore, but it remains a commitment to you. In fact, we promise that our service will be centered on you.

To learn more, visit a convenient Byron Bank office, call 1-800-747-5004 or visit www.bankatbyron.com.

Centered On You™

Finally, A Bank That's Centered On Me.

At Byron Bank, we see ourselves as customer advocates. That means you can count on us to be on your side, to help make things possible, to make banking work for your business. Your business needs a bank that is both innovative and accommodating; one that works with you and for you. At Byron Bank, that's what it means to be centered on you.

For years, we were known as Byron Center State Bank. But today, with offices and Mobile Banking™ serving customers throughout West Michigan, we've grown beyond the boundaries of Byron Center. So we shortened our name to "Byron Bank." The word "center" may not be part of our name anymore, but it is part of our commitment to you. In fact, we promise that our service will be centered on you.

Wouldn't you like your bank to be centered on you?
